

## **YM Report Bonnyman**

### **March 2021**

We promoted several Young Marines. We had been able to catch up on classes and other requirements. Almost all of our Privates were promoted to PFC, one to Lance Corporal and another to YM Sergeant. We also awarded several ribbons that they had earned.

Three of our Young Marines have been accepted to Regimental Leadership Schools. They will be eligible for promotion upon completion of their schools. Regimental Schools are being held in Lebanon State Park this year.

We will conduct parent/adult/Young Marine orientation Saturday, March 20<sup>th</sup>. Our next recruit class will begin on Saturday, 10 April 2021. We already have twelve 'recruits in waiting'. Hopefully this year will give us a smooth transition. Also waiting for warmer weather will allow us to use Camp Bonnyman more effectively and keep the Young Marines outside in a healthier environment.

Plans are well on the way for summer. We will return to Whispering Springs again this June for a week, as our Unit Trip. The kids love it there. And we will be in an environment where we are 'safe' from the Covid cancellations and the loss of deposits made.

We are looking forward to the Marine Corps League Rod's n' Hogs Show.
